OFFICE ACTION

STRICT DEADLINE TO RESPOND TO THIS LETTER

TO AVOID ABANDONMENT OF APPLICANT'S TRADEMARK APPLICATION, THE USPTO MUST RECEIVE APPLICANT'S COMPLETE RESPONSE TO THIS LETTER **WITHIN 6 MONTHS** OF THE ISSUE/MAILING DATE BELOW. A RESPONSE TRANSMITTED THROUGH THE TRADEMARK ELECTRONIC APPLICATION SYSTEM (TEAS) MUST BE RECEIVED BEFORE MIDNIGHT **EASTERN TIME** OF THE LAST DAY OF THE RESPONSE PERIOD.

ISSUE/MAILING DATE: 8/29/2017

INTRODUCTION

This Office action is supplemental to and supersedes the previous Office action issued on December 20, 2016, in connection with this application. Based on information and/or documentation in applicant's response, the trademark examining attorney now issues the following new requirement: amend the identification of goods. See TMEP §§706, 711.02.

In a previous Office action(s) dated December 20, 2016, the trademark examining attorney refused registration of the applied-for mark based on the following: Trademark Act Section 2(d) for a likelihood of confusion with registered marks and failure to show the applied-for mark in use in commerce with any of the specified goods. In addition, applicant was advised of earlier-filed pending applications that could serve as additional bases for a Trademark Act Section 2(d) refusal if they should register and was required to satisfy the following requirements: clarify the mark description and color claim and amend the mark on the drawing to eliminate the "TM" symbol.

Based on applicant's response, the trademark examining attorney notes that the following requirements have been satisfied: accurate and complete color claim and proper updated drawing of the mark provided. See TMEP §§713.02, 714.04.

The following refusals has also been obviated: Trademark Act Section 2(d) refusal as to Registrations No. 5099980 and 3681622, given applicant's clarification of its identified goods, and applicant has provided a sufficient substitute specimen, showing use of the applied-for mark in commerce in conjunction with the identified goods. See TMEP §§713.02, 714.04. The advisory regarding earlier-filed application 86240875 is withdrawn, as well, as that application has been abandoned and would no longer serve as a basis for a potential Section 2(d) refusal.

In addition, however, the following refusal(s) and requirement are continued and maintained: a Section 2(d) refusal based on Registration No. 3667737; an advisory regarding earlier-filed pending applications 86526828 and 86526932; and a requirement that applicant amend its description of the mark. See TMEP §§713.02, 714.04.

The following is a SUMMARY OF ISSUES that applicant must address:

SUMMARY OF ISSUES

- SECTION 2(d) REFUSAL – LIKELIHOOD OF CONFUSION
- PRIOR-FILED APPLICATIONS – ADVISORY
- DESCRIPTION OF THE MARK – AMENDMENT REQUIRED
- IDENTIFICATION OF GOODS – AMENDMENT REQUIRED

SECTION 2(d) REFUSAL – LIKELIHOOD OF CONFUSION

Registration of the applied-for mark is refused because of a likelihood of confusion with the mark in U.S. Registration No. 3667737. Trademark Act Section 2(d), 15 U.S.C. §1052(d); see TMEP §§1207.01 *et seq.* See the registration attached to the Office action of December 20, 2016.

Applicant's mark is "PEEPL" for use with:

Class 9: The mark is intended as the brand name and representation of the iOS and Android social networking/social utility mobile application 'peepl'. The mobile application has a specific intent and utility in that it is intended to provide users with information about a location's - any location - crowd size and dynamics

Registrant's mark is:

"PPL" for use with:

Class 9: Computer software for creating, calendaring, and tracking information related to planned events occurring in an industry or profession where temporary vendors, employees or volunteers are required; computer software for communicating details regarding planned events to parties to the event, namely, buyers, event contacts, venue contacts and vendors; computer software for hiring and managing vendors or employees required for planned events; computer software for creating and sending contracts and event information to principal parties to the event

Trademark Act Section 2(d) bars registration of an applied-for mark that so resembles a registered mark that it is likely a potential consumer would be confused, mistaken, or deceived as to the source of the goods of the applicant and registrant. See 15 U.S.C. §1052(d). A determination

of likelihood of confusion under Section 2(d) is made on a case-by case basis and the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) aid in this determination. *Citigroup Inc. v. Capital City Bank Grp., Inc.*, 637 F.3d 1344, 1349, 98 USPQ2d 1253, 1256 (Fed. Cir. 2011) (citing *On-Line Careline, Inc. v. Am. Online, Inc.*, 229 F.3d 1080, 1085, 56 USPQ2d 1471, 1474 (Fed. Cir. 2000)). Not all the *du Pont* factors, however, are necessarily relevant or of equal weight, and any one of the factors may control in a given case, depending upon the evidence of record. *Citigroup Inc. v. Capital City Bank Grp., Inc.*, 637 F.3d at 1355, 98 USPQ2d at 1260; *In re Majestic Distilling Co.*, 315 F.3d 1311, 1315, 65 USPQ2d 1201, 1204 (Fed. Cir. 2003); see *In re E. I. du Pont de Nemours & Co.*, 476 F.2d at 1361-62, 177 USPQ at 567.

In this case, the following factors are the most relevant: similarity of the marks, similarity and nature of the goods, and similarity of the trade channels of the goods. See *In re Viterra Inc.*, 671 F.3d 1358, 1361-62, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012); *In re Dakin's Miniatures Inc.*, 59 USPQ2d 1593, 1595-96 (TTAB 1999); TMEP §§1207.01 *et seq.*

Comparison of the Marks

Marks are compared in their entireties for similarities in appearance, sound, connotation, and commercial impression. *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondée En 1772*, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005)); TMEP §1207.01(b)-(b)(v). “Similarity in any one of these elements may be sufficient to find the marks confusingly similar.” *In re Davia*, 110 USPQ2d 1810, 1812 (TTAB 2014) (citing *In re 1st USA Realty Prof'ls, Inc.*, 84 USPQ2d 1581, 1586 (TTAB 2007)); *In re White Swan Ltd.*, 8 USPQ2d 1534, 1535 (TTAB 1988)); TMEP §1207.01(b).

Here, the applied-for mark is “PEEPL”, while registrant’s mark is “PPL”. Pertinent in this case, then, there is no correct pronunciation of a mark because it is impossible to predict how the public will pronounce a particular mark. See *Embarcadero Techs., Inc. v. RStudio, Inc.*, 105 USPQ2d 1825, 1835 (TTAB 2013) (quoting *In re Viterra Inc.*, 671 F.3d 1358, 1367, 101 USPQ2d 1905, 1912 (Fed. Cir. 2012); *In re The Belgrade Shoe Co.*, 411 F.2d 1352, 1353, 162 USPQ 227, 227 (C.C.P.A. 1969)); TMEP §1207.01(b)(iv). Despite applicant’s employment of a novel misspelling and registrant using a common abbreviation, see attached evidence from Abbreviations.com, the marks in question are both variations of the word “people” and thus could clearly be pronounced the same. See also evidence from AcronymFinder attached to the Office action of December 20, 2016. Such similarity in sound alone may be sufficient to support a finding that the marks are confusingly similar, even where the marks are not identical in appearance. *In re White Swan Ltd.*, 8 USPQ2d 1534, 1535 (TTAB 1988); see *In re 1st USA Realty Prof'ls, Inc.*, 84 USPQ2d 1581, 1586 (TTAB 2007); TMEP §1207.01(b)(iv).

Moreover, however, when comparing marks, the test is not whether the marks can be distinguished in a side-by-side comparison, but rather whether the marks are sufficiently similar in terms of their overall commercial impression that confusion as to the source of the goods or services offered under the respective marks is likely to result. *Midwestern Pet Foods, Inc. v. Societe des Produits Nestle S.A.*, 685 F.3d 1046, 1053, 103 USPQ2d 1435, 1440 (Fed. Cir. 2012); *In re Bay State Brewing Co.*, 117 USPQ2d 1958, 1960 (TTAB 2016) (quoting *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1368, 101 USPQ2d 1713, 1721 (Fed. Cir. 2012)); TMEP §1207.01(b). The proper focus is on the recollection of the average purchaser, who retains a general rather than specific impression of trademarks. *In re Bay State Brewing Co.*, 117 USPQ2d at 1960 (citing *Spoons Rests, Inc. v. Morrison Inc.*, 23 USPQ2d 1735, 1741 (TTAB 1991), *aff'd per curiam*, 972 F.2d 1353 (Fed. Cir. 1992)); *In re C.H. Hanson Co.*, 116 USPQ2d 1351, 1353 (TTAB 2015) (citing *Joel Gott Wines LLC v. Rehoboth Von Gott Inc.*, 107 USPQ2d 1424, 1430 (TTAB 2013)); TMEP §1207.01(b). As discussed, both marks are variations of the word “people” and thus could be remembered as such, without the consumer remembering the specific spelling.

Finally, this confusing similarity is not alleviated by virtue of applicant employing stylized text in its mark, as the registered mark appears in standard characters. A mark in typed or standard characters may be displayed in any lettering style; the rights reside in the wording or other literal element and not in any particular display or rendition. See *In re Viterra Inc.*, 671 F.3d 1358, 1363, 101 USPQ2d 1905, 1909 (Fed. Cir. 2012); *In re Mighty Leaf Tea*, 601 F.3d 1342, 1348, 94 USPQ2d 1257, 1260 (Fed. Cir. 2010); 37 C.F.R. §2.52(a); TMEP §1207.01(c)(iii). Thus, a mark presented in stylized characters generally will not avoid likelihood of confusion with a mark in typed or standard characters because the marks could be presented in the same manner of display. See, e.g., *In re Viterra Inc.*, 671 F.3d at 1363, 101 USPQ2d at 1909; *Squirtco v. Tomy Corp.*, 697 F.2d 1038, 1041, 216 USPQ 937, 939 (Fed. Cir. 1983) (stating that “the argument concerning a difference in type style is not viable where one party asserts rights in no particular display”).

As such, because, as described above, both marks are variations of the word “people” with no other distinguishable elements to differentiate them, consumers retaining only a general impression of each mark are likely to confuse the applied-for mark with the registered mark, as these consumers will not be expected to remember specific spellings of otherwise identical marks. Therefore, the applied-for and registered marks are confusingly similar for purposes of Section 2(d) of the Trademark Act.

Comparison of Goods

With respect to applicant’s and registrant’s goods, the question of likelihood of confusion is determined based on the description of the goods stated in the application and registration at issue, not on extrinsic evidence of actual use. See *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1323, 110 USPQ2d 1157, 1162 (Fed. Cir. 2014) (quoting *Octocom Sys. Inc. v. Hous. Computers Servs. Inc.*, 918 F.2d 937,

942, 16 USPQ2d 1783, 1787 (Fed. Cir. 1990)).

Absent restrictions in an application and/or registration, the identified goods are “presumed to travel in the same channels of trade to the same class of purchasers.” *In re Viterra Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012) (quoting *Hewlett-Packard Co. v. Packard Press, Inc.*, 281 F.3d 1261, 1268, 62 USPQ2d 1001, 1005 (Fed. Cir. 2002)). Additionally, unrestricted and broad identifications are presumed to encompass all goods of the type described. *See, e.g., Sw. Mgmt., Inc. v. Ocinomled, Ltd.*, 115 USPQ2d 1007, 1025 (TTAB 2015); *In re N.A.D., Inc.*, 57 USPQ2d 1872, 1874 (TTAB 2000).

In this case, the identifications set forth in the application and registration have no restrictions as to nature, type, channels of trade, or classes of purchasers. Therefore, it is presumed that these goods travel in all normal channels of trade, and are available to the same class of purchasers. Further, the application uses broad wording to describe the goods and this wording is presumed to encompass all goods of the type described, including those in registrant’s more narrow identification.

Specifically, applicant has amended its identification to define its goods as a “mobile application” that will “provide users with information about a location’s . . . crowd size and dynamics.” This wording still clearly encompasses registrant’s identified goods, which include “computer software for creating, calendaring, and tracking information related to planned events occurring in an industry or profession where temporary vendors, employees or volunteers are required” and “computer software for communicating details regarding planned events to parties to the event, namely, buyers, event contacts, venue contacts and vendors.” As a result, these services of applicant and registrant are considered related for purposes of Section 2(d) of the Trademark Act.

Therefore, because of the similar nature of applicant’s and registrant’s marks and the highly related nature of applicant’s and registrant’s identified goods, the applied-for mark must be refused registration under Section 2(d) of the Trademark Act, as it would create a likelihood of confusion with the registered marks.

Applicant should note the following additional ground for potential refusal.

PRIOR-FILED APPLICATIONS – ADVISORY

The filing dates of pending U.S. Application Serial Nos. 86526828 and 86526932 precede applicant’s filing date. See referenced applications attached to the Office action of December 20, 2016. If one or more of the marks in the referenced applications register, applicant’s mark may be refused registration under Trademark Act Section 2(d) because of a likelihood of confusion with the registered mark(s). *See* 15 U.S.C. §1052(d); 37 C.F.R. §2.83; TMEP §§1208 *et seq.* Therefore, upon receipt of applicant’s response to this Office action, action on this application may be suspended pending final disposition of the earlier-filed referenced applications.

In response to this Office action, applicant may present arguments in support of registration by addressing the issue of the potential conflict between applicant’s mark and the marks in the referenced applications. Applicant’s election not to submit arguments at this time in no way limits applicant’s right to address this issue later if a refusal under Section 2(d) issues.

Although applicant’s mark has been refused registration, applicant may respond to the refusal(s) by submitting evidence and arguments in support of registration. However, if applicant responds to the refusal(s), applicant must also respond to the requirements set forth below.

DESCRIPTION OF THE MARK – AMENDMENT REQUIRED

The description of the mark is accurate but includes extraneous information, e.g., the specific font type used in the mark, which must be removed. Applications for marks not in standard characters must include an accurate and concise description of the entire mark that identifies literal elements as well as any design elements. *See* 37 C.F.R. §2.37; TMEP §§808 *et seq.*

Therefore, applicant must provide a more complete description of the applied-for mark. The following is suggested:

The mark consists of the stylized white wording “PEEPL” with the two “E”s facing each other, suggesting eyes and a face. The wording appears on a blue background.

IDENTIFICATION OF GOODS – AMENDMENT REQUIRED

The words “iOS” and “Android” in the identification of goods are registered marks not owned by applicant; accordingly, applicant must amend the identification to delete this wording and, if not already included in the identification, provide the common commercial or generic name of the goods. TMEP §1402.09; *see Camloc Fastener Corp. v. Grant*, 119 USPQ 264, 264 n.1 (TTAB 1958). *See* the attached U.S. Registration Nos. 4394043 and 4692657.

Identifications of goods should generally be comprised of generic everyday wording for the goods, and exclude proprietary or potentially-proprietary wording. See TMEP §§1402.01, 1402.09. A registered mark indicates origin in one particular party and so may not be used to identify goods that originate in a party other than that registrant. TMEP §1402.09; see *Camloc Fastener Corp. v. Grant*, 119 USPQ at 264 n.1.

Applicant may adopt the following identification of goods, incorporating wording from applicant's original and amended identifications, and depicting acceptable amendments in bold, if accurate:

Class 9: Downloadable mobile applications for social networking and sharing information about social situations, **namely, mobile applications providing** users with information about a location's crowd size and dynamics

Applicant's goods may be clarified or limited, but may not be expanded beyond those originally itemized in the application or as acceptably amended. See 37 C.F.R. §2.71(a); TMEP §1402.06. Applicant may clarify or limit the identification by inserting qualifying language or deleting items to result in a more specific identification; however, applicant may not substitute different goods or add goods not found or encompassed by those in the original application or as acceptably amended. See TMEP §1402.06(a)-(b). The scope of the goods sets the outer limit for any changes to the identification and is generally determined by the ordinary meaning of the wording in the identification. TMEP §§1402.06(b), 1402.07(a)-(b). Any acceptable changes to the goods will further limit scope, and once goods are deleted, they are not permitted to be reinserted. TMEP §1402.07(e).

For assistance with identifying and classifying goods and services in trademark applications, please see the USPTO's online searchable [U.S. Acceptable Identification of Goods and Services Manual](#). See TMEP §1402.04.

RETENTION OF TRADEMARK ATTORNEY SUGGESTED

Because of the legal technicalities and strict deadlines involved in the USPTO application process, applicant may wish to hire a private attorney specializing in trademark matters to represent applicant in this process and provide legal advice. Although the undersigned trademark examining attorney is permitted to help an applicant understand the contents of an Office action as well as the application process in general, no USPTO attorney or staff is permitted to give an applicant legal advice or statements about an applicant's legal rights. TMEP §§705.02, 709.06.

For attorney referral information, applicant may consult the [American Bar Association's Consumers' Guide to Legal Help](#), an attorney referral service of a state or local bar association, or a local telephone directory. The USPTO may not assist an applicant in the selection of a private attorney. 37 C.F.R. §2.11.

RESPONSE GUIDELINES

For this application to proceed further, applicant must explicitly address each refusal and/or requirement raised in this Office action. If the action includes a refusal, applicant may provide arguments and/or evidence as to why the refusal should be withdrawn and the mark should register. Applicant may also have other options for responding to a refusal and should consider such options carefully. To respond to requirements and certain refusal response options, applicant should set forth in writing the required changes or statements. For more information and general tips on responding to USPTO Office actions, response options, and how to file a response online, see "[Responding to Office Actions](#)" on the USPTO's website.

If applicant does not respond to this Office action within six months of the issue/ mailing date, or responds by expressly abandoning the application, the application process will end and the trademark will fail to register. See 15 U.S.C. §1062(b); 37 C.F.R. §§2.65(a), 2.68(a); TMEP §§718.01, 718.02. Additionally, the USPTO will not refund the application filing fee, which is a required processing fee. See 37 C.F.R. §§2.6(a)(1)(i)-(iv), 2.209(a); TMEP §405.04.

Where the application has been abandoned for failure to respond to an Office action, applicant's only option would be to file a timely petition to revive the application, which, if granted, would allow the application to return to active status. See 37 C.F.R. §2.66; TMEP §1714. There is a \$100 fee for such petitions. See 37 C.F.R. §§2.6, 2.66(b)(1).

TEAS PLUS OR TEAS REDUCED FEE (TEAS RF) APPLICANTS – TO MAINTAIN LOWER FEE, ADDITIONAL REQUIREMENTS MUST BE MET, INCLUDING SUBMITTING DOCUMENTS ONLINE: Applicants who filed their application online using the lower-fee TEAS Plus or TEAS RF application form must (1) file certain documents online using TEAS, including responses to Office actions (see TMEP §§819.02(b), 820.02(b) for a complete list of these documents); (2) maintain a valid e-mail correspondence address; and (3) agree to receive correspondence from the USPTO by e-mail throughout the prosecution of the application. See 37 C.F.R. §§2.22(b), 2.23(b); TMEP §§819, 820. TEAS Plus or TEAS RF applicants who do not meet these requirements must submit an additional processing fee of \$125 per class of goods and/or services. 37 C.F.R. §§2.6(a)(1)(v), 2.22(c), 2.23(c); TMEP §§819.04, 820.04. However, in certain situations,

TEAS Plus or TEAS RF applicants may respond to an Office action by authorizing an examiner's amendment by telephone or e-mail without incurring this additional fee.

TO RESPOND TO THIS LETTER: Go to http://www.uspto.gov/trademarks/teas/response_forms.jsp. Please wait 48-72 hours from the issue/ mailing date before using the Trademark Electronic Application System (TEAS), to allow for necessary system updates of the application. For *technical* assistance with online forms, e-mail TEAS@uspto.gov. For questions about the Office action itself, please contact the assigned trademark examining attorney. **E-mail communications will not be accepted as responses to Office actions; therefore, do not respond to this Office action by e-mail.**

All informal e-mail communications relevant to this application will be placed in the official application record.

WHO MUST SIGN THE RESPONSE: It must be personally signed by an individual applicant or someone with legal authority to bind an applicant (i.e., a corporate officer, a general partner, all joint applicants). If an applicant is represented by an attorney, the attorney must sign the response.

PERIODICALLY CHECK THE STATUS OF THE APPLICATION: To ensure that applicant does not miss crucial deadlines or official notices, check the status of the application every three to four months using the Trademark Status and Document Retrieval (TSDR) system at <http://tsdr.uspto.gov/>. Please keep a copy of the TSDR status screen. If the status shows no change for more than six months, contact the Trademark Assistance Center by e-mail at TrademarkAssistanceCenter@uspto.gov or call 1-800-786-9199. For more information on checking status, see <http://www.uspto.gov/trademarks/process/status/>.

TO UPDATE CORRESPONDENCE/E-MAIL ADDRESS: Use the TEAS form at <http://www.uspto.gov/trademarks/teas/correspondence.jsp>.

Subject: U.S. TRADEMARK APPLICATION NO. 87161625 - PEEPL - N/A
Sent: 8/29/2017 12:16:11 PM
Sent As: ECOM121@USPTO.GOV
Attachments:

UNITED STATES PATENT AND TRADEMARK OFFICE (USPTO)

**IMPORTANT NOTICE REGARDING YOUR
U.S. TRADEMARK APPLICATION**

USPTO OFFICE ACTION (OFFICIAL LETTER) HAS ISSUED
ON **8/29/2017** FOR U.S. APPLICATION SERIAL NO. 87161625

Your trademark application has been reviewed. The trademark examining attorney assigned by the USPTO to your application has written an official letter to which you must respond. Please follow these steps:

(1) READ THE LETTER by clicking on this [link](#) or going to <http://tsdr.uspto.gov/>, entering your U.S. application serial number, and clicking on "Documents."

The Office action may not be immediately viewable, to allow for necessary system updates of the application, but will be available within 24 hours of this e-mail notification.

(2) RESPOND WITHIN 6 MONTHS (or sooner if specified in the Office action), calculated from **8/29/2017**, using the Trademark Electronic Application System (TEAS) response form located at http://www.uspto.gov/trademarks/teas/response_forms.jsp. A response transmitted through TEAS must be received before midnight **Eastern Time** of the last day of the response period.

Do NOT hit "Reply" to this e-mail notification, or otherwise e-mail your response because the USPTO does NOT accept e-mails as responses to Office actions.

(3) QUESTIONS about the contents of the Office action itself should be directed to the trademark examining attorney who reviewed your application, identified below.

/Timothy J. Callery/

Examining Attorney
Law Office 121
(571) 270-1987
tim.callery@uspto.gov

WARNING

Failure to file the required response by the applicable response deadline will result in the ABANDONMENT of your application. For more information regarding abandonment, see <http://www.uspto.gov/trademarks/basics/abandon.jsp>.

PRIVATE COMPANY SOLICITATIONS REGARDING YOUR APPLICATION: Private companies **not** associated with the USPTO are using information provided in trademark applications to mail or e-mail trademark-related solicitations. These companies often use names that closely resemble the USPTO and their solicitations may look like an official government document. Many solicitations require that you pay "fees."

Please carefully review all correspondence you receive regarding this application to make sure that you are responding to an official document from the USPTO rather than a private company solicitation. All official USPTO correspondence will be mailed only from the "United States

Patent and Trademark Office” in Alexandria, VA; or sent by e-mail from the domain “@uspto.gov.” For more information on how to handle private company solicitations, see http://www.uspto.gov/trademarks/solicitation_warnings.jsp.
